PROFESSIONAL EXPERIENCE

Dynasty 11

Project Manager/Full-Stack Software Developer

Sep 2021 – Present

Philadelphia, PA

- Establish and manage project team, project estimation, and increase team productivity
- Facilitate weekly meetings with stakeholders and project team to ensure streamlined communication
- Liaise with frontend and backend developers to integrate core MVP features to the app, using React Native Expo and Spring Boot
- Develop app integration with REST and other third-party APIs, increasing user engagement by 200%

PHL Collective

QA/Programmer Co-op

Apr 2021 – Sep 2021

Philadelphia, PA

- Performed integration and stress testing on WIP games, while reporting any issues in a developer-friendly format in Mantis
- Coordinated closely with the design team to identify problematic areas and create relevant test cases
- Developed shaders with multiple variants for general stylized usage
- Collaborated with the Art team to improve workflows and create simpler and customizable shaders
- Integrated and scripted versatile game managers to simplify future design processes

Strive

Software Developer Intern

Jun 2020 – Jul 2020

Philadelphia, PA

- Revamped site design from scratch, while ensuring maximum usability experience, with Adobe Xd
- Implemented responsive mobile layout which increased user base, developed with Ionic React
- Engineered a client onboarding flow to simplify onboarding and community engagement

PROJECTS

Icebreaker

Full Stack Web Developer

Jan 2020 – Feb 2020

- Spearheaded a scrum team to deliver features for both desktop and mobile, slashing time to delivery 20%
- Implemented front-end features with HTML, JavaScript, CSS; Developed back-end with NodeJS
- Deployed and maintained user database, using MySQL
